

AWS Technology Partner - PR Release

CloudAlly Attains Advanced APN Technology Partner Status in the Amazon Web Services Network (AWS).

Raanana, Israel (PR Newswire) – 05 September 2018 – CloudAlly, (www.CloudAlly.com), a leading international provider of cloud backup solutions for [Office 365](#), [G Suite](#) and [Salesforce](#), today announced it has achieved Advanced Consulting Partner status in the Amazon Web Services (AWS) Partner Network (APN). The APN is a global program, designed to help APN Partners build successful AWS-based businesses or solutions by providing business, technical, marketing, and go-to-market support.

The accomplishment will better enable CloudAlly to continue to provide its cloud-to-cloud backup & restore solution for Office 365, G Suite and Salesforce, and [Box.com](#) solutions to customers on AWS.

“CloudAlly is excited to have been upgraded to the AWS Advanced Technology Partner” said Avinoam Katz, CEO.

In addition to the new AWS Advanced Partner status, CloudAlly now is offering its backup solution on the AWS Canadian data center, and other select data centers in the US, EU and Australia.

Find out how the backup & restore of your main cloud business solutions can be protected by CloudAlly Office 365 Backup, G Suite Backup, Salesforce.com Backup, Box.com Backup on our Website: www.CloudAlly.com

About CloudAlly
